MAUI MAN MURDERS WIFE, ATTEMPTS TO KILL HER SISTER, ENDS OWN LIFE

H. W. Carr, Railroad Engineer, While Temporarily Insane Empties Contents of Revolver At Women and Slashes Throat With Razor

(Special Star-Bulletin Wireless)
WAILUKU, Maui, July 5.—After murdering his wife and failing in an effort to take the life of his sister-in-law, H. W. Carr, a locomotive engineer employed by the Kahului Railroad Company, slashed his throat with a razor at six o'clock last night and died a few moments later.
In a moment of temporary insanity Carr fired several shots at his wife, who dropped dead. Turning the smoking revolver on his wife's sister he fired three shots, none of which took effect. The gun being empty Carr grabbed a razor and inflicted a wound on his own throat that caused his immediate death.
No motive has yet been assigned, by friends of the Carr family or police officials, for the act. However, all are agreed that Carr's mind was unbalanced when he committed the double tragedy.
Following the coroner's inquest, this morning, Carr's remains were buried under the auspices of the Masonic lodge, with which organization he had been affiliated.

BIRTHDAY OF INDEPENDENCE FITTINGLY OBSERVED HERE

Patriotic Exercises Hold Sway—R. P. Quarles Advises Large Throng to Strike Body Blow at 'King' Alcohol and Thereby Relieve Nation from Twentieth Century Slavery

"May we today, as we seek satisfaction throughout the entire morning of personal pleasure, not forget the spirit of this day and thus devote it to unholy purposes; may we remember that the holiest seed from which any harvest was ever gathered was the seed from which came our fathers of national greatness. We pray today for those men and women who have been chosen to fill our offices, and we pray, too, for the citizens. May we today be worthy of the heritage that has come to us from the past, and may this day's exercises awaken a new spirit of patriotic citizenship."
With a fervent invocation which incited the spirit of patriotism into the hearts of the hundreds of persons who gathered in the shade of the huge trees in the palace grounds at eleven o'clock yesterday morning, David Carey Peters, pastor of the First Christian Church, opened the patriotic exercises which formed a part of what was one of the most successful of Honolulu's celebrations of the nation's birthday. Never before, perhaps, has a larger crowd turned out to attend exercises of a like nature, and the perfect weather conditions which prevailed.

SOCIAL REGISTER SYSTEM IS LAUNCHED BY LOCAL CHARITIES

Following the recommendation left in Honolulu by Raymond Robins, the noted social worker, that a central registration of all social cases be instituted in this city, the associated charities have undertaken this work and now has the system started on what bids fair to be a successful basis. Miss Lillian Moody, formerly in charge of the girls' work at the Palama Settlement, has been placed in charge of the work with headquarters at the office of the association. Raymond Robins, during his stay in Honolulu in company with Fred B. Smith, urged the broadening of the scope of local social settlement work, placing special emphasis on the need of a central office where records of all cases could be kept which might be seen at any time by any persons or organizations wishing to make an inquiry into any special one. In this way there could be no duplication, and no one case would receive more attention than another. During the past month the work of establishing this system has been steadily under way, and it was announced this morning that it is now complete and ready for operation. As the associated charities is the logical place for such a system, it is largely through the efforts of that organization that the work has been established, and its offices will be turned over as the headquarters of the new undertaking. The inside workings of the new system consists of two card systems, one of which will be called the clearing house system and which will be kept in the central office. Each card will bear the name of a person who has, at some time or another, been helped by some social or charitable institution now existing in Honolulu. Besides the name of the person, the card will also bear the name of that organization which has offered assistance and also any remarks which it may be deemed advisable to make. In this way, persons desiring information concerning any special case may either telephone to or call at the office, where they will be furnished with the data. The second

COOK FORGETS SAILING TIME OF THE LUKA

The course of romance received a terrible shock last Thursday afternoon when the sailing of the schooner-yacht Luka with Judge Henry E. Cooper and his party of treasure-hunters was held up for an hour while search parties madly scoured the town in search of a missing cook.
The hour of departure for Palmyra Island was set for three o'clock and there was an assorted collection of spectators down to see the Luka sail. It was a society event along the waterfront, and besides the families of the passengers, a number of amateur Robert Louis Stevensons and near-soldiers of fortune gathered to see the vessel leave on the cruise that may turn up long buried pirate treasure.

NEEDS OF LEAHI HOME SET FORTH WITH STATEMENT

Treasurer Bottomley and Supt. Sinclair Hold Meeting with McClellan and Dr. Wayson

The needs of Leahi Home for additional funds, as well as a denial of the report to the supervisors that no additional appropriation is needed, were set before Chairman McClellan of the supervisors' ways and means committee, and City Physician J. T. Wayson at a meeting this morning with Allen W. T. Bottomley, treasurer, and Dr. A. N. Sinclair, superintendent of the home.
The position of the home was set forth in the following letter:
July 5, 1913.
W. H. McClellan, Esq., Chairman
Ways and Means Committee, Board of Supervisors, City.
Dear Sir:—I take the liberty of referring to an article in regard to the Leahi Home, which appeared in the Advertiser of July 3. I enclose herewith statement taken from the books showing the actual cost of the free patients at the home for the year ending June 30, 1913.
This statement shows:
Actual cost \$27,025.25
Income for same period..... 23,234.20

Deficiency \$ 4,691.05
The average number of free patients in the home per month for the year ending June 30, 1913, as shown by the statement, was 49; and the deficiency as above stated was \$4,691.05. The number of free patients now in the home is 67, with several on the waiting list.
It can easily be seen from this that the statement accredited to Dr. Wayson in the morning paper, viz: "that the institution does not need more money," is evidently based on a misapprehension.
Even with the additional \$3000 which we are now receiving from the territory, the home is running at a very serious loss with the number of patients now on the register, and the facts are in accordance with my letter to you of the 13th of June last. The

SMIDDY'S JOB STARTS FIGHT IN DEMOCRACY

No successor to Road Supervisor J. J. Smiddy, who has been forced out of his office by the Democratic supervisors, will be named for several days yet, it was stated at the city hall this morning, because of the absence from the city of Chairman Lester Petrie of the road committee.

Meanwhile a new political war is brewing in Democratic ranks over Smiddy's enforced retirement. Smiddy, say the McCandless Democrats, has been put out of office by Democratic influence on the board which is hostile to McCandless, and the McCandless men propose to retaliate. He has the backing of the county committee, it is stated this morning, and the county committee is determined to show the supervisors that they must live up to their pledges to support the candidates for office endorsed by the "organization".
A number of names have been discussed for Smiddy's successor, but none have been given any definite approval. It is not probable that Supervisor Hardesty will be assured of the position so that he can resign from the board and take it. So much opposition has been announced since the plan was exposed that the supervisors say they will oppose such a move.

COMMITTEEMEN PLAN BOURBON CAMPAIGN NOW

Preparations for the campaign of 1914 will be started immediately by the Democratic country committee. Committee leaders, after studying the new direct primary law, are of the opinion that a great deal of power has been placed in the hands of the county committee, and particularly the chairman, and that a close organization is necessary to accomplish results.
They plan to carry on a campaign of education among the voters, with the distribution of literature bearing on the new law and speeches in every precinct explaining its workings. Some of this speechmaking will be begun in a few days. The committee will hold office until September 27, 1914, and expects to be busy from now until that time.

HAWAIIAN SWIMMERS WIN COAST MEET SPEEDY DUKE SETS ANOTHER RECORD

HONOLULU SWIMMERS ARE
CENTER OF ATTRACTION

[By Cable to the Star-Bulletin]
SAN FRANCISCO, Cal., July 4.
STAR-BULLETIN, Honolulu: Duke made a great showing today, winning the quarter-mile, two hundred and twenty yards and fifty yards races and breaking three Coast records. George Cunha did well, winning third place in the fifty-yard sprint. Fred Wilhelm, our 16-year-old distance swimmer, collapsed in the quarter-mile race. At the end of the races on today's schedule, the Hui Nalu leads by eight points. The showing made by the Hawaiians is a great feature and the Honolulu swimmers are the center of attraction.
W. T. RAWLINS.

GREEKS AND BULGARS IN TERRIFIC BATTLE

Gen. Savoff, former chief of the Bulgarian army staff and now picked for minister of war in the reorganized Bulgarian cabinet. Many military experts call Savoff the brains of the Bulgarian campaign organization. Below, former Premier Danef, who, together with his entire cabinet, has resigned.

H. GOODING FIELD MAY EXPERT WATER DEPARTMENT BOOKS

Word comes from Hilo that Supt. J. W. Caldwell, of the public works department has discussed with H. Gooding Field the possibility of having the latter "expert" the books of the water department in Honolulu, which are to be turned over to the city and county within the next year. It is stated that Caldwell took up the matter with Field during the superintendent's last visit to the big island. Supt. Caldwell declined to discuss the subject today, neither denying nor confirming the report.

FIGHTING LINE 60 MILES LONG

Military Experts Declare the Engagement to Be Greatest Ever Fought in That Territory

[Associated Press Cable]
SALONIKA, Turkey, July 5.—What military experts declare is the greatest battle ever fought in this section of Europe, exceeding in the number of men involved and in extent any of the battles of the allies against Turkey, is now in progress between the Greek and Bulgarian armies.
Eighty thousand Greeks are opposing 100,000 Bulgarians, according to the estimates given here today. The Greeks have drawn first blood by taking the fortified town of Kilkish and have captured, says one report, 60 guns. The fighting covers sixty miles. King Constantine is personally directing operations.
It is understood that the powers will not intervene in this struggle but will let the allies fight it out.
Turkish neutrality has been unofficially announced.

COMPLAINS OF MASSACRES

[Associated Press Cable]
LONDON, England, July 5.—King Constantine of Greece, stirred deeply by reports from Greeks in Macedonia, telegraphed the Greek minister here that the Bulgars are massacring prisoners and that their course of ruthless slaughter resulted in the depopulation of entire Macedonian villages. The protest is being brought to the attention of the powers.

Miss Gladys Mason of New York has begun her walk to San Francisco on a nut and vegetable diet.

An application for rehearing of the cut rate patent decision was denied by the supreme court.

Kahanamoku First In Fifty-Yard Back-Stroke, Kaupiko Second, Settling Victory for Honoluluans

[Associated Press Cable]
SAN FRANCISCO, Cal., July 5.—Duke Kahanamoku, the Hawaiian speed marvel, won the 50-yard back stroke event of the swimming meet here this afternoon. His time was 22 4/5 seconds, a new Coast record. Kahanamoku's performance came as a complete surprise, few, if any, of the local swimming critics knowing that he had perfected himself in this stroke. The former Coast record for the event was 34 seconds.
Lukela Kaupiko, of the Hui Nalu, of Honolulu, was second in the back stroke. The points gained by the two Hawaiians assure the Hawaiian team of victory in the two-day meet.

Girl Sets A New Coast Record In 50-Yard Event

[Associated Press Cable]
SAN FRANCISCO, Cal., July 5.—Miss Dollie Mings today won the championship fifty-yard race for women in the swimming regatta, covering the distance in 33 1/5 seconds. The former coast record was 40 seconds.
Miss Ruth Stacker of this city has swum the fifty yards in 31 seconds, making this record here on June 11.

Wilson Says Country's Battle Is For National Righteousness

[Associated Press Cable]
GETTYSBURG, Pa., July 5.—In his eloquent address here yesterday at the conclusion of the Gettysburg anniversary, President Wilson gave a graphic picture in comparing the republic and the army. He said that the new army represents the entire people, and its recruits are the children. The enlistment articles, he said, are the articles of the constitution, the orders of the day are the statutes, the quartermasters' stores are the mines, the fields, the forests, and the shops and factories. "The battle is for national righteousness," he declared with fervor.
The president's speech was punctuated with thunderous applause in which the rebel yell and the Union cheers intermingled. The scene was one of remarkably earnest enthusiasm.

Congress Will Probe The Manufacturers' Association

[Associated Press Cable]
WASHINGTON, D. C., July 5.—The charges of Martin Mulhall, of Baltimore, that the National Association of Manufacturers has endeavored illegitimately to influence legislation will be probed by a House committee, which was appointed to investigate the matter today. Mulhall has already submitted letters to the senate investigating committee to show that the manufacturers kept a "black list" for its supposed enemies.

154 Peasants Burned

[Associated Press Cable]
ST. PETERSBURG, Russia, July 5.—Fire yesterday destroyed a village near here, 154 peasants being burned to death.

TUBERCULOSIS TO BE FOUGHT WITH MOVIES

It is believed that much good will be accomplished by the board of health and the anti-tuberculosis society as a result of the moving picture exhibitions which are to be given under their direction throughout the territory. The first exhibit will be at the Hawaiian opera house Monday night, beginning at eight-fifteen o'clock. An admission of twenty-five cents, ten cents and five cents will be charged at this performance, the funds thus raised to go toward the expenses of the exhibit.
Next Tuesday night, beginning at the same hour, the performance will be free and efforts are being made to have every one who can possibly do so attend.

There are several interesting films on the program. They have been prepared under the direction of those who have been directing the great world fight against the White Plague, showing scenes from every-day life and teaching a lesson which cannot help but aid those who see them in protecting their own health as well as that of their neighbors. Pictures tell a story which make a lasting impression. Men, women and children of all races can read them and understand.
In addition to the moving pictures, Dr. Pratt, president of the board of health, has a number of slides showing scenes in and around Honolulu and on the other islands. Some of these also will be shown at the Hawaiian opera house next Monday and Tuesday nights.

ELKS LODGE WILL CONDUCT FUNERAL OF GEORGE PARIS

The funeral of George H. Paris, who died at the Queen's Hospital as a result of an automobile accident yesterday, will be under the auspices of the local lodge of the Elks. The burial will be at the Nuuanu cemetery. All members of the lodge are asked to be present in the lodge rooms at 10:15, friends at 10:30, tomorrow morning.

GEN. FUNSTON SEES CIVILIAN EXPERTS SHOOT

The shoot of the Hawaiian Rifle Association yesterday at the Kakaako range was more of a success than even the most enthusiastic predicted. Nearly 150 civilians and national guardsmen participated, and some excellent scores were made during the day. General Funston, commanding the Hawaiian department, accompanied by members of his staff, was an interested spectator for several hours during the morning, and after watching some of the civilian marksmen and their work, he was generous with his praise of their ability.
Conditions were poor for target work, strong puffs of wind blowing across the range most of the day. Considering this handicap, the scores were exceptionally good. One of the matches were so close that it was

(Continued on page two)

where the services will be held, following which they will proceed to the cemetery.

The distinction of having the best paid one-room country school teacher in the United States is claimed by Logan County, Ill., which pays its teacher \$110 per month for a term of nine months.
